AGUE: We did find one victim. 20 year old female, conscious, but needed treatment. [:04]

395: Battalion chief Neal Ague [AGG-OU] says that its unusual to have a car and garage fire at the same time, unless the two were near each other at the time of the incident. They were not.

[:12]

AGUE: In this situation, with the car being so far from the house, its definitely not a normal phenomenon. [:06]

395: Ague says that Arson will hold an investigation for possible causes of the fire. The victim was moved to University Hospital for treatment, her status unknown at this time. In San Antonio, I'm 395, Texas Intercollegiate Press Association. [:12]
